# Behind The Baking

In 2009, The founder of Destiny's Pops heeded God's call to follow her dream and turn her passions into a purpose driven bakery at the young age of 12 years old. Since then, we have been serving some of the greatest baked goods. We specialize in making cake pops, cakes, cupcakes, cakes in a jar, cookies, and vegan sweets.

It is our mission to continuously evolve over time, we have revised our recipes, branding concept, creative design process, and menu. We are committed to enhancing the customer's sweet experience while offering quality and consistency. Through really great desserts served perfectly, with building community with people all at the same time.

We, as a company, are always looking for new ways to give back to our community.
